**Happy Birthday Sagittarius the Archer!** To all of those born from November 22 - December 21! Key Phrase for Sagittarius is **"I SEEK. (reprint from 2006 Lunar Notes)**

**Sagittarians** are the Idealists and dreamers of the zodiac. Sagittarius is a mutable (changeable, flexible), fire (intuitive, impulsive, idealistic) sign located in the Western Hemisphere of the chart. Your ruling planet is expansive and "benefic" **Jupiter**. Jupiter and the sign of Sagittarius reside in the 9<sup>th</sup> house of the zodiac. The 9<sup>th</sup> house is typically linked to long distance travel, the thighs, philosophies and belief systems, religions, higher education and teaching, publishing, counseling and legal issues as well as exploring new horizons. Sagittarius sure does love to teach...or preach for that matter! Horses are usually linked to the sign of Sagittarius and the 9<sup>th</sup> house although most large animals coincide to the 12<sup>th</sup> house. I'll discuss why horses are in the 9<sup>th</sup> when Chiron

is mentioned later in the newsletter. There is always that urge to align themselves with a greater ideal, truth and understanding of all subjects. Sagittarians may appear to act larger than life...well if your ruling planet was Jupiter you might feel the same! Jupiter does become excessive at times and that often translates to being overly idealistic, self-righteous and opinionated. Sagittarians tend to have a dream and a goal..and once they get there, they may change their mind about it because they do not want anyone to burst that idealistic bubble. "Truth, Justice and the American Way" - Was Superman a Sagittarian?

"Faster than a speeding bullet, able to leap tall buildings in a single bound, able to bend steel in his bare hands! Look! Up in the sky! It's a bird, it's a plane, it's SAGITTARIUS!" ☺ Well, he might as well be! Have you ever known a Sagittarian who didn't fly? "Planes, Trains and Automobiles" is their credo. That is where you will find a Sagittarian. Sagittarians are known to be the bachelors of the zodiac and make no doubt about it...these guys are smooth and charming. In fact, you might say charm is their middle name, their first name...and their last name too...only thing is by the time you get to figuring out exactly what their last name is, they are GONE. Poof! Jupiter wants to scale mountains, run marathons, and fully develop every bit of their potential. Sometimes this means going beyond the limits which is why many Jupiter born think they are "off limits" or untouchable. There is always that urge to align themselves with a greater vision. Sagittarians have a unique way of rationalizing everything too. They are known to have foot-in-mouth-disease. Meaning: Open Wide and stick foot in as far as it can go! If you want the truth, nothing but the truth so help you G -d, ask a Sagittarian. They will blurt it out willingly, with an impish smile...and then an apology...if you're that fortunate. This quality is to be admired about Sagittarians because they can be brutally honest and you will always know exactly where you stand when in their company.

"My stupid mouth, has got me in trouble,  
I said too much again,  
To a date over dinner yesterday,  
And I could see she was offended  
She said "well anyway...."  
Just dying for a subject change.

Oh, another social casualty  
Score one more for me  
How could I forget?  
Mama said, "think before speaking"  
No filter in my head  
Oh, what's a boy to do...."

John Mayer - Room for Squares CD - My Stupid Mouth

Jupiter, Sag's ruling planet, has a cycle of approximately 12 years. The planet Jupiter is our largest planet and is known to have quite a few moons! In fact, we aren't even sure how many moons (women) Jupiter has because new ones are surfacing and being discovered all the time! That Jupiter was discovered to have so many more moons shouldn't surprise us because it is the planet of "abundance". He was also known to be a womanizer in mythology. In the October issue

Chiron/Sagittarius really feels wounded. There can't be anything worse than being trapped in a physical body that doesn't feel right to us. Chiron spent much time in his cave studying the stars, medicine, spirituality, mathematics and music. He was able to utilize these disciplines to heal others and in turn heal himself; hence, The Wounded Healer archetype. The astrological glyph or symbol for the sign of Sagittarius is just that, a Centaur holding a bow and arrow pointed to the heavens...and into the distance. Healing the first psychic wound coupled with the physical wound symbolizes the mind, body, spirit connection. Alternative and holistic methods of healing are suggested.

One of Chiron's life lessons is relinquishing his painful memories from childhood. Because Chiron is immortal, his pain and suffering is eternal. Much of his pain was of his own making. When we are able to heal our primary wound (s) in life, we are usually able to utilize that experience to assist others with similar woundedness from painful life experiences and, in turn, heal our self. That is if we choose this path. Oftentimes, people can be in so much emotional pain and turmoil, or have not forgiven their parents, others or themselves they choose to harm others as a projection of their own unmet needs. A vicious, repetitive cycle ensues and an attraction to others to play out ones life dramas or create a crisis of experience is drawn.

As Chiron matured, he became quite a wise teacher (Sagittarius/Jupiter) and a Shaman/Healer. The placement of Chiron in your birth chart shows your deepest wound by house position. Aspects it makes to other planets and house cusps (the divisions of the signs) in your birth chart shows additional expression. This is also the place you will find your greatest strengths and ability to heal others and where you are able to exert or project this knowledge out into the environment. The aspects that Chiron makes with other planets and asteroids in your chart will provide additional details. Chiron connections are very significant in synastry. Synastry is the comparison of two birth charts that shows compatibility and relationship dynamics with another individual. When people enter into relationships where there is a strong Chiron connection, the relationship takes on a fated quality. Recent studies have confirmed Chiron as a marriage or partnership indicator. Bizarre reversals and adjustments in relationships or between the charts are also possible. However, relationships indicated by Chiron are usually not easy at first. The difficulties inherent in Chironic relationships must be overcome for the personal growth of both individuals. That is the test of Chiron's placement in relationship comparison. Discussion of Chiron is continued on my website: [www.FuchsiaStars.com](http://www.FuchsiaStars.com)

The strands in your eyes that color them wonderful  
Stop me and steal my breath.  
And emeralds from mountains thrust toward the sky  
Never revealing their depth.  
Tell me that we belong together,  
Dress it up with the trappings of love.  
I'll be captivated,  
I'll hang from your lips,  
Instead of the gallows of heartache that hang from above.

I'll be your crying shoulder,  
I'll be love's suicide

I'll be better when I'm older,  
I'll be the greatest fan of your life.

- I'll Be by Edwin McCain

According to Melanie Reinhart's publication *Chiron-The Healing Journey*, Chiron has also been described as the link between the Inner and Outer Planets and it is the identification of the Chironian issues in ones life that assists with the linking between the Inner and Outer Planets and thus the integration of the Soul and Personality.

In psychological terms, Chiron is the Inner Teacher to whom we owe our allegiance. The cluster of astrological ingredients surrounding it may symbolize the tests, disciplines and ordeals which unfold under the tutelage of this Inner Teacher, whose path is Life itself, whether or not this includes following a particular spiritual tradition. Major crises of learning experiences can be reflected by any factor in the horoscope, but they are likely to be interpreted and processed in a manner congruent with the Chiron configuration. We also have to remember that Chiron represents the Wound/The Wounder/The Healer in our chart.

At present Chiron's themes in the lives of individuals can be clearly observed to operate most strongly through the Mutable Cross, especially Sagittarius (9th) and Virgo (6th).

Working with the personal issues that Chiron represents in our horoscope provides a means of grounding ourselves in our humanity and also defining our unique contribution to this transition in which we are all participating in at this time. When the Age of Aquarius is more established perhaps it will then be seen to work through the Fixed Cross, possibly ruling Scorpio and being exalted in Leo.

Some will be more sensitive to Chiron's energies than others. If there are one or more of the conditions below, Chiron may be considered focal in a particular horoscope; in this person's life Chironian themes may be dominant and will be strongly activated when any outer planet transits part of the Chiron configuration.

- (i) Chiron conjunct any of the Angles
- (ii) Chiron conjunct or square the Moons Nodes
- (iii) Chiron aspecting many planets, especially if the Sun, Moon and/or Asc Ruler are among them
- (iv) Chiron focal according to the shape of the chart eg as handle of a "bucket shaped chart", or as the leading planet of a "bowl shaped" chart, or in the middle of a stellium, or in hard aspect to the midpoint of an empty hemisphere or quadrant.
- (v) Sagittarius or Virgo on the MC or ASC
- (vi) Chiron in either Sagittarius or Virgo

**Tarot Card # 20 XX - Temperance - Symbolic of Sagittarius**

In the Rider-Waite version on the right, you see the Angel Temperance - Archangel Michael. He has the solar symbol on his head with light rays streaming outward from it. In each hand a cup is held, one cup is silver (feminine) and one is gold (masculine). Water pours and vibrates (waves) and is blended from one cup to the other. This blending of fire and water, masculine and feminine and the conscious and unconscious also symbolizes conception. The number 14 is the most fertile day of a woman's cycle. It is also the approximate number of days it takes from the New Moon to the Full Moon each month.

Angel Temperance on the left is painted by Salvador Dali. Compromises need to be made to achieve balance in relating. Temperance is adapting to circumstances, accommodating as well as gathering facts and expanding ones experiences. Compromise, balancing alternatives, and moderation are symbolized. Blending, creating and alchemy, successfully combining material to create something new are suggested. Negatively, blind faith, restlessness, being insensitive to the feelings of others, excess and feelings of self righteousness are possible.

The Symbol of Temperance may appear in a reading during a time when emotional balance is required. The expression "patience is a virtue" applies here. There may be emotional days ahead or a need to balance and/or adapt our emotions to bring about positive and "creative" results. If this card turns up next to the Empress or the Sun, a conception or baby may be on the way!

**LONG SNOWS MOON (Elk)**

In Native American Astrology, those born from November 22nd- December 21st are born under the Long Snows Moon and their animal totem is the Elk. Their color is black and obsidian is their totem in the mineral kingdom. Obsidian is a type of volcanic glass that is usually shiny like glass. It has razor-sharp edges and therefore should always be "handled carefully." Obsidian was used in carvings and for jewelry as well as for mirrors. It was also crafted for use in arrowheads. Because obsidian comes from deep within the earth it is said to be grounding.

Elk people are very similar to the properties of obsidian. They can be good mirrors for other people as well as projecting "their stuff" onto others. They are often rough around the edges or difficult to get to know because of their uneven outer surface. Elk people can be very protective of those they love or from "perceived" danger. "They try to get as many cows as they can into their harem, and they will fervently defend them from the approaches of any other male". (Medicine Wheel-Earth Astrology, Sun Bear and Wabun) They are often introspective and clairvoyant. The Elk is a very strong and elegant animal and perhaps one of the most regal in the deer family. Men of this totem are competitive with each other about the women in their lives and can be prone to fits of rage or jealousy that may come as a surprise to those close to them.

Don't be afraid to be weak
Don't be afraid to be strong
Just look into your heart my friend
That will be the return to your self
The return to innocence.

If you want, then start to laugh
If you want, then start to cry
Be yourself, don't hide
Just believe in destiny.

Don't care what people say
Just follow your own way
Don't give up and use the chance
To return to innocence.
