**Public Service Announcement:**

"Dear Mr. President" (feat. Indigo Girls)

Dear Mr. President  
Come take a walk with me  
Let's pretend we're just two people and  
You're not better than me  
I'd like to ask you some questions if we can speak honestly

What do you feel when you see all the homeless on the street

Who do you pray for at night before you go to sleep  
What do you feel when you look in the mirror  
Are you proud

How do you sleep while the rest of us cry  
How do you dream when a mother has no chance to say goodbye  
How do you walk with your head held high  
Can you even look me in the eye  
And tell me why

Dear Mr. President  
Were you a lonely boy  
Are you a lonely boy  
Are you a lonely boy  
How can you say  
No child is left behind  
We're not dumb and we're not blind  
They're all sitting in your cells  
While you pave the road to hell

What kind of father would take his own daughter's rights away  
And what kind of father might hate his own daughter if she were gay  
I can only imagine what the first lady has to say  
You've come a long way from whiskey and cocaine

How do you sleep while the rest of us cry  
How do you dream when a mother has no chance to say goodbye  
How do you walk with your head held high  
Can you even look me in the eye

Let me tell you bout hard work  
Minimum wage with a baby on the way  
Let me tell you bout hard work  
Rebuilding your house after the bombs took them away  
Let me tell you bout hard work  
Building a bed out of a cardboard box  
Let me tell you bout hard work  
Hard work  
Hard work  
You don't know nothing bout hard work  
Hard work  
Hard work  
Oh

How do you sleep at night  
How do you walk with your head held high  
Dear Mr. President  
You'd never take a walk with me  
Would you

**Happy Birthday Capricorn the Sea Goat!** Happy Birthday to all of those born from December 22 - January 21! Key Phrase for Capricorn is **"I UTILIZE "**

Capricorn is a Cardinal (action oriented, initiator), earth (pragmatic and grounded) sign located in the Eastern Hemisphere of the chart. Capricorn governs the 10<sup>th</sup> house of the natural zodiac. Capricorns are considered the workaholics of the zodiac and Saturn expects nothing less from us than he is willing to do himself. Capricorns are dutiful, reliable and steady. Capricorns were the children who everyone would seek advice from. Many Capricorns were old before their time, wise beyond their years and very mature. They tend to act younger with each passing year wanting to make up for all that lost time! Capricorn in health issues relates to the skin, bones/skeletal system, knees and arthritis...illnesses where inflexibility or rigidity settles in the body.

Your ruling planet is the restrictive and structured planet **Saturn**. In traditional astrology, Saturn is considered to be a malefic planet and tends to operate through our fear. Saturn is considered to be thrifty, tactful, disciplined, stern, cold and severe. When Saturn transits our chart he usually brings some kind of limitation to our lives. Frustration and hard work is expected from Saturn. If you have met the challenge and worked through a Saturn transit, you will often manifest wisdom and benefits from your hard work. Sometimes when Saturn transits your chart decisions are made or finalized. On the positive side when you are self-disciplined and self-directed at a task, accomplishment and financial gain is your "Saturnian" reward. If you have Saturn strong in your chart, you may be drawn to antiques, ruins, ancient times and even collecting old objects of substance and worth.

Saturn and the sign of Capricorn reside in the 10<sup>th</sup> house of the zodiac and starts at the cusp called the MC or Medium Coeli. The 10<sup>th</sup> house is typically linked to structures, real estate, your public reputation and work in society, timing, cycles and wisdom earned as a result of difficult tasks. The 10<sup>th</sup> house, the ruler of the 10th and planets in the 10<sup>th</sup> are also symbolic of

the mother, traditionally, or often the parent who was most influential in your life. Saturn is a tough teacher and taskmaster, if you will. He sets limits, boundaries and obstacles for us to overcome. Depending on how well we do, he may grant us a "reward"...a reward for our hard work. In Karmic Astrology, Saturn plays an important role and represents cycles of time. When we are in a "karmic" relationship, there is a feeling of lack of control over the events and circumstances within the relationship. Through these circumstances and events, we develop a new self-awareness, a new understanding of the person we are involved with and also how we relate to the environment. Saturn will often present us with someone approximately 7, 14, 21 years older or younger than ourselves. "When the student is ready, the teacher (Saturn) will appear." Some karmic relationships are teacher/student, parent/child or counselor/patient. There is something which must be taught, and something that needs to be learned and understood...by both participants. When there are Saturn contacts in synastry (chart comparison) it will usually augur a lasting and binding relationship, although it may not always be an easy one.

Martin Schulman, in his wonderful Karmic Astrology series states: "Every time our unconscious is working something out, it calls into our lives the people who have within the pieces of the answer we are seeking." What he means is that you may find that a certain type of person or situation repeatedly enters your life. Just as you end a relationship with one person with a particular problem, another enters your life, often disguised, with a similar problem! (that is if you haven't worked through and learned your lesson from before) Sometimes the Universe brings you this situation or person as a "test" to see how much you have learned from your last similar experience. Or...you may meet several people consecutively with the same sun or moon sign or similar aspects. There is something the universe is pointing you towards and you must pay attention to what is being presented for you to learn. This is Saturn - the wise teacher and why others often consult Capricorn's for their cut to the chase advice.

Capricorn's polar opposite (10th house - public reputation, real estate, business affairs, power, credit, profession and the Mother) is the cardinal, water sign Cancer (4th house - home, family, children, the past and root in early childhood). Career versus home life, working and family are issues that are frequently in conflict for Capricorns, also contingent upon other areas of the birth chart. When under stress each sign will operate through the most negative characteristics of their polar opposite, the sign 180 degrees opposite itself. In this case, when under stress, Capricorn can become ...just like cardinal, watery Cancer, ruled by the Moon and become emotionally distraught, moody and temperamental withdrawing, crawling into its shell for self-nurturing, distance and comfort.

When Saturn transits your birth chart or if Saturn is prominent in your chart, you may experience restrictions, boundary issues, and extra responsibilities.

Somewhere inside my evolution  
Karmically I seek retribution  
Looking for love in physical beauty  
Desire is the drug of the bourgeoisie  
And now I try to intellectualize  
Like a glimmer of good in a bad man's eyes

a space on your altar, a small pouch or bag or in a cup. Burning sage to cleanse your space and your aura is also suggested along with your favorite flower essence. \*

**Ascendant** in Capricorn: Capricorn rising maintains a serious outer mask. Very cautious to commit and to spend, you possess a strong personality and self esteem. Capricorn rising folks have difficulty showing or expressing feelings. With Saturn as your ruling planet, you may at times be aloof and pessimistic or ambitious, disciplined and determined.

**Moon** in Capricorn: Moon in Capricorn is cautious and also patient in love. You may be emotionally attracted to someone older than yourself. Sometimes this placement appears unemotional and undemonstrative because it's difficult for you to reveal your feelings.

**Mercury** in Capricorn: **You are methodical, logical, rational, practical and dependable.**

**Venus** in Capricorn: Cautious in love, desires a partner they value. Naturally monogamous, this is the placement of one who value loyalty and faithfulness. Sometimes fearing rejection can turn completely cold.

**Mars** in Capricorn: Mars in this sign is energetic and hardy. This sign takes command and likes to keep everything under control. Obstinate yet passionate and distant yet sexy and romantic. My date someone older than self.

**Famous Capricorns:** Happy Birthday to Rudyard Kipling, British Nobel Prize-winning Poet, December 30th, Henri Matisse, French Painter, and Actor Anthony Hopkins December 31<sup>st</sup>, American Flag Seamstress Betsy Ross, January 1<sup>st</sup>, Sir Isaac Newton, British Mathematician, January 4<sup>th</sup>, Alvin Ailey, NY Dance Company founder, January 5<sup>th</sup>, Astrologer/Astronomer Johannes Kepler, January 6<sup>th</sup>, Singers/Performers Elvis Presley and David Bowie, January 8<sup>th</sup> and Howard Stern, Radio Personality, January 12<sup>th</sup>.

**Tarot Card # 15 XV - The Devil - Symbolic of Capricorn ♄**

The **Devil** Card in the Rider Waite Tarot deck is symbolic of some of the feelings we have when in an addictive relationship. We may feel so completely bonded to this person in an almost obsessive way. Because of this obsession we will often feel tied down or stifled by the intensity of this energy almost as if it is against our will! We often merge with this person on a very deep level losing our independence and allowing ourselves to be controlled and enslaved to this addictive feeling of sexual love. When we become addictive in our love patterns we often

### SOUL MATES/RELATIONSHIPS:

#### **The Capricorn/Cancer - Ascendant/Descendant Relationship Axis (1<sup>st</sup> house/7<sup>th</sup> house)**

As mentioned in past issues, knowing your partners 7<sup>th</sup> house cusp (the relationship house) and the ruler of that house will indicate the type of partner you may attract or are attracted to and the method of relating within a relationship.

The Ascendant or Rising sign is the sign rising on the horizon at the time of birth. This is the face we show the world, our "mask" for which our Sun hides behind. This is our outer personality, temperament and disposition as well as how we experienced our early home environment growing up. It is the way others see us and also gives indication of our physical appearance. The ruler of the Ascendant and the aspects (connections to other planets in your birth chart) further delineate and define your physical appearance.

The Descendant, or 7<sup>th</sup> house cusp, its ruler and the aspects it makes in your birth chart, is symbolic of the type of partner you are attracted to. The 7<sup>th</sup> house is the house of all partnerships including marriage and legal contracts yet also considered the house of open enemies or the Defendant in a law suit.

In relationships, Capricorn has a planetary rulership with karmic Saturn. If you have a Capricorn Ascendant, you appear responsible, mature, controlled, serious, reserved, warm, friendly and determined. Others look to you for advice and seek wisdom in your presence.

With Lunar ruled Cancer on the descendant you seek a home loving and family oriented person, one who will make a good marriage partner. Attraction to a partner with those qualities who is nurturing, has good parenting skills, a good cook, easily expresses emotions and feelings and who is responsible with money is likely. A man with Capricorn on the Ascendant may be physically attracted to the female form, especially the breasts.
