**Happy Birthday Aquarius the Water Bearer!** For those born from January 20 - February 19! Key Phrase for Aquarius is **"I KNOW"**

Aquarius is a Fixed (settled, stubborn), air (thought and intellect) sign located in the Eastern Hemisphere of the chart. Aquarius governs the 11<sup>th</sup> house of the natural zodiac. The 11<sup>th</sup> house involves areas of our life such as friendships, organizations, associations, clubs, our hopes and wishes, finances of the employer, our mother's money (it's the 2<sup>nd</sup> house from the 10<sup>th</sup>), step children (7<sup>th</sup> from the 5<sup>th</sup>) as well as counselors, acquaintances and Astrologers. Aquarians are considered the entrepreneurs and philanthropists of the zodiac. You are rebellious, eccentric and humanitarian. Aquarius in health issues relates to the ankles, calves and nervous system. Illnesses may develop in the central nervous system when Uranus transits make difficult angle/aspect

connections in your birth chart. (conjunction, square, opposition, quincunx and quincunx)

Your ruling planet is the erratic and unpredictable planet Uranus. In traditional astrology, Uranus is considered to be a derelict because he brings sudden, unexpected change into your life. Think of the Tower in the Tarot Deck. When Uranus transits our chart he usually brings some kind of catastrophic change to your life. If you have Uranus strong in your birth chart, you may be drawn to the unusual, creative, non-conforming or the anti-establishment. Aquarians are known for their inventiveness, being a little "off the top" and have no interest in convention. Uranus rules electricity, the Internet and yes, Astrologers! Some people think Astrologers are a little "weird"!! It's not that we are, you know, it's just that we have a unique way of looking at the world and others. Because Aquarians are so "quirky" they may have a sense or feeling of being outcasts or even of being adopted by their family of origin. They don't always feel they fit in.

Uranus is "electric" and rules the nervous system and the ankles/lower calf. Even the astrological glyph for the sign of Aquarius resembles electric waves. Other health issues to watch during a Uranus transit affecting your birth chart might manifest in nervous energy, sciatic pain, ankle or calf cramps, edginess and nervous irritability and tension.

When Uranus transits in your birth chart and makes a 180 angle with our natal Uranus at approximately age 41-43, we have what is called our Uranus Opposition, or one of our Mid-life crises. Kundalini energy forces expression during this time. During this time we have the need to break free from the status quo. Marriages and relationships come up for review and/or undergo tremendous changes or end completely. Sometimes a marriage will take place while other relationships end or the dynamics change. We may encounter different types of people and associate with others of a different background, culture other than what we are usually comfortable or accustomed with. We seek new experiences and have no desire to be tied down. Any attempt to limit one's individuality will be fought with intense rebellion.

Aquarian, Uranian energy thinks "out of the box". They are our iconoclasts, futurists and inventors.

**I'd love to tell you, stay inside the lines.  
But something's better on the other side.**

– **John Mayer - No Such Thing - Room for Squares CD**

**Famous Aquarians:** Happy Birthday to Comedian George Burns, and Film Director David Lynch, January 20<sup>th</sup>, Opera Star Placido Domingo and Actress Geena Davis, January 21<sup>st</sup>, Actor Humphrey Bogart, January 23<sup>rd</sup>, Singer Eartha Kitt, and Guitarist Eddie Van Halen, January 26<sup>th</sup>, Composer and Pianist Wolfgang Amadeus Mozart, January 27<sup>th</sup>, Oprah Winfrey, January 29<sup>th</sup>, Actor Clark Gable, February 1<sup>st</sup>. **PALLAS ATHENE - ASSOCIATED WITH AQUARIUS & LIBRA**

Pallas Athene, Minerva (Roman), the Greek Goddess of Wisdom, sprang from Zeus's (Jupiter) head fully formed and cloaked in armor. She symbolizes a woman with the intellect of a man. Because she was borne of man and not woman she is symbolic of a "Uranian" type of matriarchal energy.

She was well liked, resourceful and earned the trust of others, especially men. Although a Warrior Woman, she is peaceful in her strength and wisdom. She also represents justice and righteousness and her tendency to fight for the underdog. Her inner courage enables and protects her in surviving battles. She enjoys competition and has skill in most sport. Her association with the Owl, symbolic of inner wisdom and special visual perception, is well deserved. She is "Joan of Arc", the stereotypical creative, intelligent woman with abundance of inner strength.

In your chart, she is symbolic of the way a woman makes her way in a man's world. She symbolizes a woman's relationship with her father. In her wisdom, she also had the role of counselor to her father. You can then substitute this symbolism for the way she treats males in general and in relationship with them. Men with a strong Pallas need to stand up for their rights.

In addition to her war-like nature, "she was credited with inventing weaving, the potter's wheel, spinning, needlework, and was also associated with navigation and agriculture, especially the olive tree". - Lee Lehman, Ph.D., *The Ultimate Asteroid Book*. Olive flower essence restores energy when you are physically and "mentally" exhausted.

Her ability to plan, strategize and carry out those plans utilizing systems and concepts is her strength. She is indicator of our intelligence and our style of perception. Although perceived to be somber and serious, she is strong and takes decisive action and never whines.

Pallas is also symbolic of the mind/body connection and the healing arts in general. Flashes of insight and genius along with creative works of art are indicative of a prominently placed Pallas.

**Tarot Card # 17 XVII - The Star - Symbolic of Aquarius**

In the Rider Waite version, you see the body of a naked woman holding an urn in each hand. One urn pours water onto the land (material world) while the other urn is poured into a pool of water (spirituality). One of her feet is planted firmly on the ground while the other grazing the surface of the pool. Her nakedness symbolizes acceptance of her self while the pouring of water symbolizes the quest for balancing both our spiritual and material needs.

Card 17 reduced, equals the number 8. Eight is the number of power and authority signifying success and material fortune. Above her head are 8 stars, 7 smaller stars and one large bright star in the center. Stars symbolize the guiding light within all of us that knows that we are protected "under the stars". We need to see the light within ourselves to be "enlightened". This means that you need to let go of your inhibitions (nakedness) and open yourself up to your own truth.

Negatively, and all cards have a positive and negative influence, in your reading this is interpreted as a shutting off of your spirituality or love for another. Perhaps too much self-love becomes narcissistic or this is person always searching or looking towards the distant star or a long-lost or idealistic love. Then the need to stop dreaming and "manifest" your reality is the message. We do this by permitting the "natural" flow of emotions to thaw rather than having them freeze up. Sometimes we freeze our emotions as a defense mechanism so that no one will hurt us.

The Symbol of "The Star" may appear in a reading during a time when spiritual or emotional healing is necessary and to see that we are pure and good under the light of the shining stars above. As above, so below...the stars above mirror the light within each of us.

**REST AND CLEANSING MOON (Otter)**

In Native American Astrology, those born from January 20<sup>th</sup> - February 18<sup>th</sup> are born under the Rest and Cleansing Moon and their animal totem is the Otter. Their

Do you know where Asteroid Eros is located in your birth chart? In synastry; chart compatibility, if your Eros is conjunct or opposite your partners, Moon, Venus, Mars, Jupiter, Neptune, Uranus, Pluto or their Name asteroid (yes, most of you have an asteroid named after yourself!) this will prove another indication of erotic/sexual attraction/love.

When Eros is conjunct (in the same degree) as Psyche, you have found your Soul Mate as Eros and Psyche were mythical ancient Lovers. According to Guttman and Johnson (1996), theirs is a story of love (Eros) in search of a soul (Psyche) and a soul in search of love. This myth is highly symbolic of marriage even in contemporary times. With stars in our eyes we find our mates. After awhile we dare to look and see them as they really are; disillusionment sets in. Whether the separation is emotional or physical, it somehow occurs. The partnership goes through tests, trials, and challenges and thus discovers how strong the bond or union actually is. If strong, it survives these challenges, and becomes better than ever. Like Eros and Psyche at the end of their story, we are happily reunited as equals in the mating game (Guttman & Johnson, 1996).

On February 14<sup>th</sup>, 2008 asteroid **Eros** will be transiting **25 degrees Pisces 01'**.

### **VALENTINE - ASTEROID # 447**

As synchronicity would have it, Valentine is asteroid number 447. In numerology, this number adds up to the number 6! (4+4+7=15 or 1+5 = 6) The number 6 just happens to be the Lovers Card in the Tarot deck and symbolic of compassionate love, service and often the "Soul Mate". Astrologically, asteroid Valentine has a strong relationship to the 7<sup>th</sup> house of one-to-one relationships. These aren't only "love" relationships and can indicate business partnerships, open enemies in a law suit. i.e.: the other lawyer.

When we were children, we would often send those cute little "Valentine's" in the shape of a heart to the one we desire and love. Asteroid Valentine can indicate something we send to or receive from another i.e.: letters, legal documents or even junk e-mail!

Where is asteroid Valentine located in your birth chart?

Transiting **Valentine** will be at **8 Aries 29'** on Valentine's Day, February 14, 2008. This year Mercury in Aquarius is preparing to go retrograde (apparent backward motion) on February 19<sup>th</sup>. Confusing messages and miscommunications are possible on the day we really our love to those close to us. Take extra care when communicating your thoughts and feelings on this day to avoid misunderstandings and hurt feelings.

## SOUL MATES/RELATIONSHIPS:

"Ever wonder why I never really truly connect  
Although my eyes are open  
I can hold your gaze  
But I am never connected  
Never connected

I am famous for my generosity  
They say I am the kindest  
But it is easier to  
Give than receive love  
Give than receive love"

- Darkness by Darren Hayes & Robert Conley

### The Aquarius/Leo - Ascendant/Descendant Relationship Axis (1<sup>st</sup> house/7<sup>th</sup> house)

As you may recall from past issues, knowing your partners 7<sup>th</sup> house cusp (the relationship house) and the ruler of that house will indicate the type of partner you may attract or are attracted to and the method of relating within a relationship.

The Ascendant or Rising sign is the sign rising on the horizon at the time of birth. This is the face we show the world, our "mask" for which our Sun hides behind. This is our outer personality, temperament and disposition as well as how we experienced our early home environment growing up. It is the way others see us and also gives indication of our physical appearance. The ruler of the Ascendant and the aspects (connections to other planets in your birth chart) further delineate and define your physical appearance.

The Descendant, or 7<sup>th</sup> house cusp, its ruler and the aspects it makes in your birth chart, is symbolic of the type of partner you are attracted to. The 7<sup>th</sup> house is the house of all partnerships including marriage and legal contracts yet also considered the house of open enemies or the Defendant in a law suit.

In relationships, Aquarius has Uranus as the modern ruler and with karmic Saturn as the ancient ruler. If you have an Aquarius Ascendant, you appear honest and truthful. You make friends easily and are an inventive conversationalist. Because you are a fixed sign, although you are quite fair and tolerant you can also be very inflexible and impatient. Interestingly, you are
